Hello all,

My name is Priscila Mosqueda and I'm a reporter in Austin. The EPA press people sent me copies of some lab results you guys got from Accutest and I had some questions about the results—what they mean, what things were tested for each report. I tried to reach Kristie Warr but got an out-of-office reply and you are the other two contacts listed on the report.

Are either of you free to talk sometime today or tomorrow? I'm hoping you can answer my questions, or can help point me in the right direction. Thanks so much.

Best,
Priscila Mosqueda
